Example 1

<pre> with default tab-size of 8 space characters

```
without tab
        with 1 tab
                with 2 tabs
```

Example 2

<p> with tab-size customized to 4 space characters and 'white-space: pre-wrap'

```
without tab
    with 1 tab
        with 2 tabs
```

<p> with tab-size customized to 4 space characters, but without 'white-space: prewrap'

without tab with 1 tab with 2 tabs

Example 3

<pre> with tab-size set to 12 space characters

```
without tab
            with 1 tab
                        with 2 tabs
```
